ABOUT US

RA Strategic & Analytics Consulting Ltd is a multidisciplinary advisory firm offering comprehensive solutions in strategy development, research, policy analysis, ICT systems, data analytics, and corporate advisory services. We support organizations across Eastern Africa to enhance performance, strengthen governance, and achieve sustainable growth.

Our approach blends analytical rigor, sector expertise, and practical implementation, ensuring that recommendations are not just theoretical but translated into measurable, lasting impact. Our team includes experienced consultants, policy analysts, ICT specialists, and data scientists dedicated to delivering high-quality, evidence-driven solutions.

We serve a diverse range of clients, including public sector institutions, cooperatives and SACCOs, private companies, NGOs, development partners, and community-based organizations.

OUR CORE PRINCIPLES

Rigor – Detailed, methodical, and evidence-based analysis to ensure credibility and accuracy.

Innovation - Leveraging modern technologies, data-driven tools, and creative thinking to solve current and emerging challenges.

Impact - Designing solutions that drive long-term transformation, institutional strengthening, and sustainable growth.

MISSION AND VISION

Our Mission

To empower institutions with strategic and data-driven solutions that deliver sustainable impact

Our Vision

To provide innovative, evidence-based advisory services that strengthen performance, enhance governance, and drive long-term value.

OUR CORE VALUES

Integrity

We conduct all our work with honesty, transparency, and ethical responsibility. Our clients trust us to handle their most critical challenges with confidentiality and professionalism.

Professionalism

We uphold high standards of quality, accountability, and discipline in all our engagements. Our team is committed to delivering results that meet global best practice and exceed client expectations.

Innovation

We embrace creativity, technology, data science, and forward-thinking approaches. Our solutions incorporate modern tools—such as advanced analytics, digital platforms, machine learning insights, and emerging ICT trends.

Impact

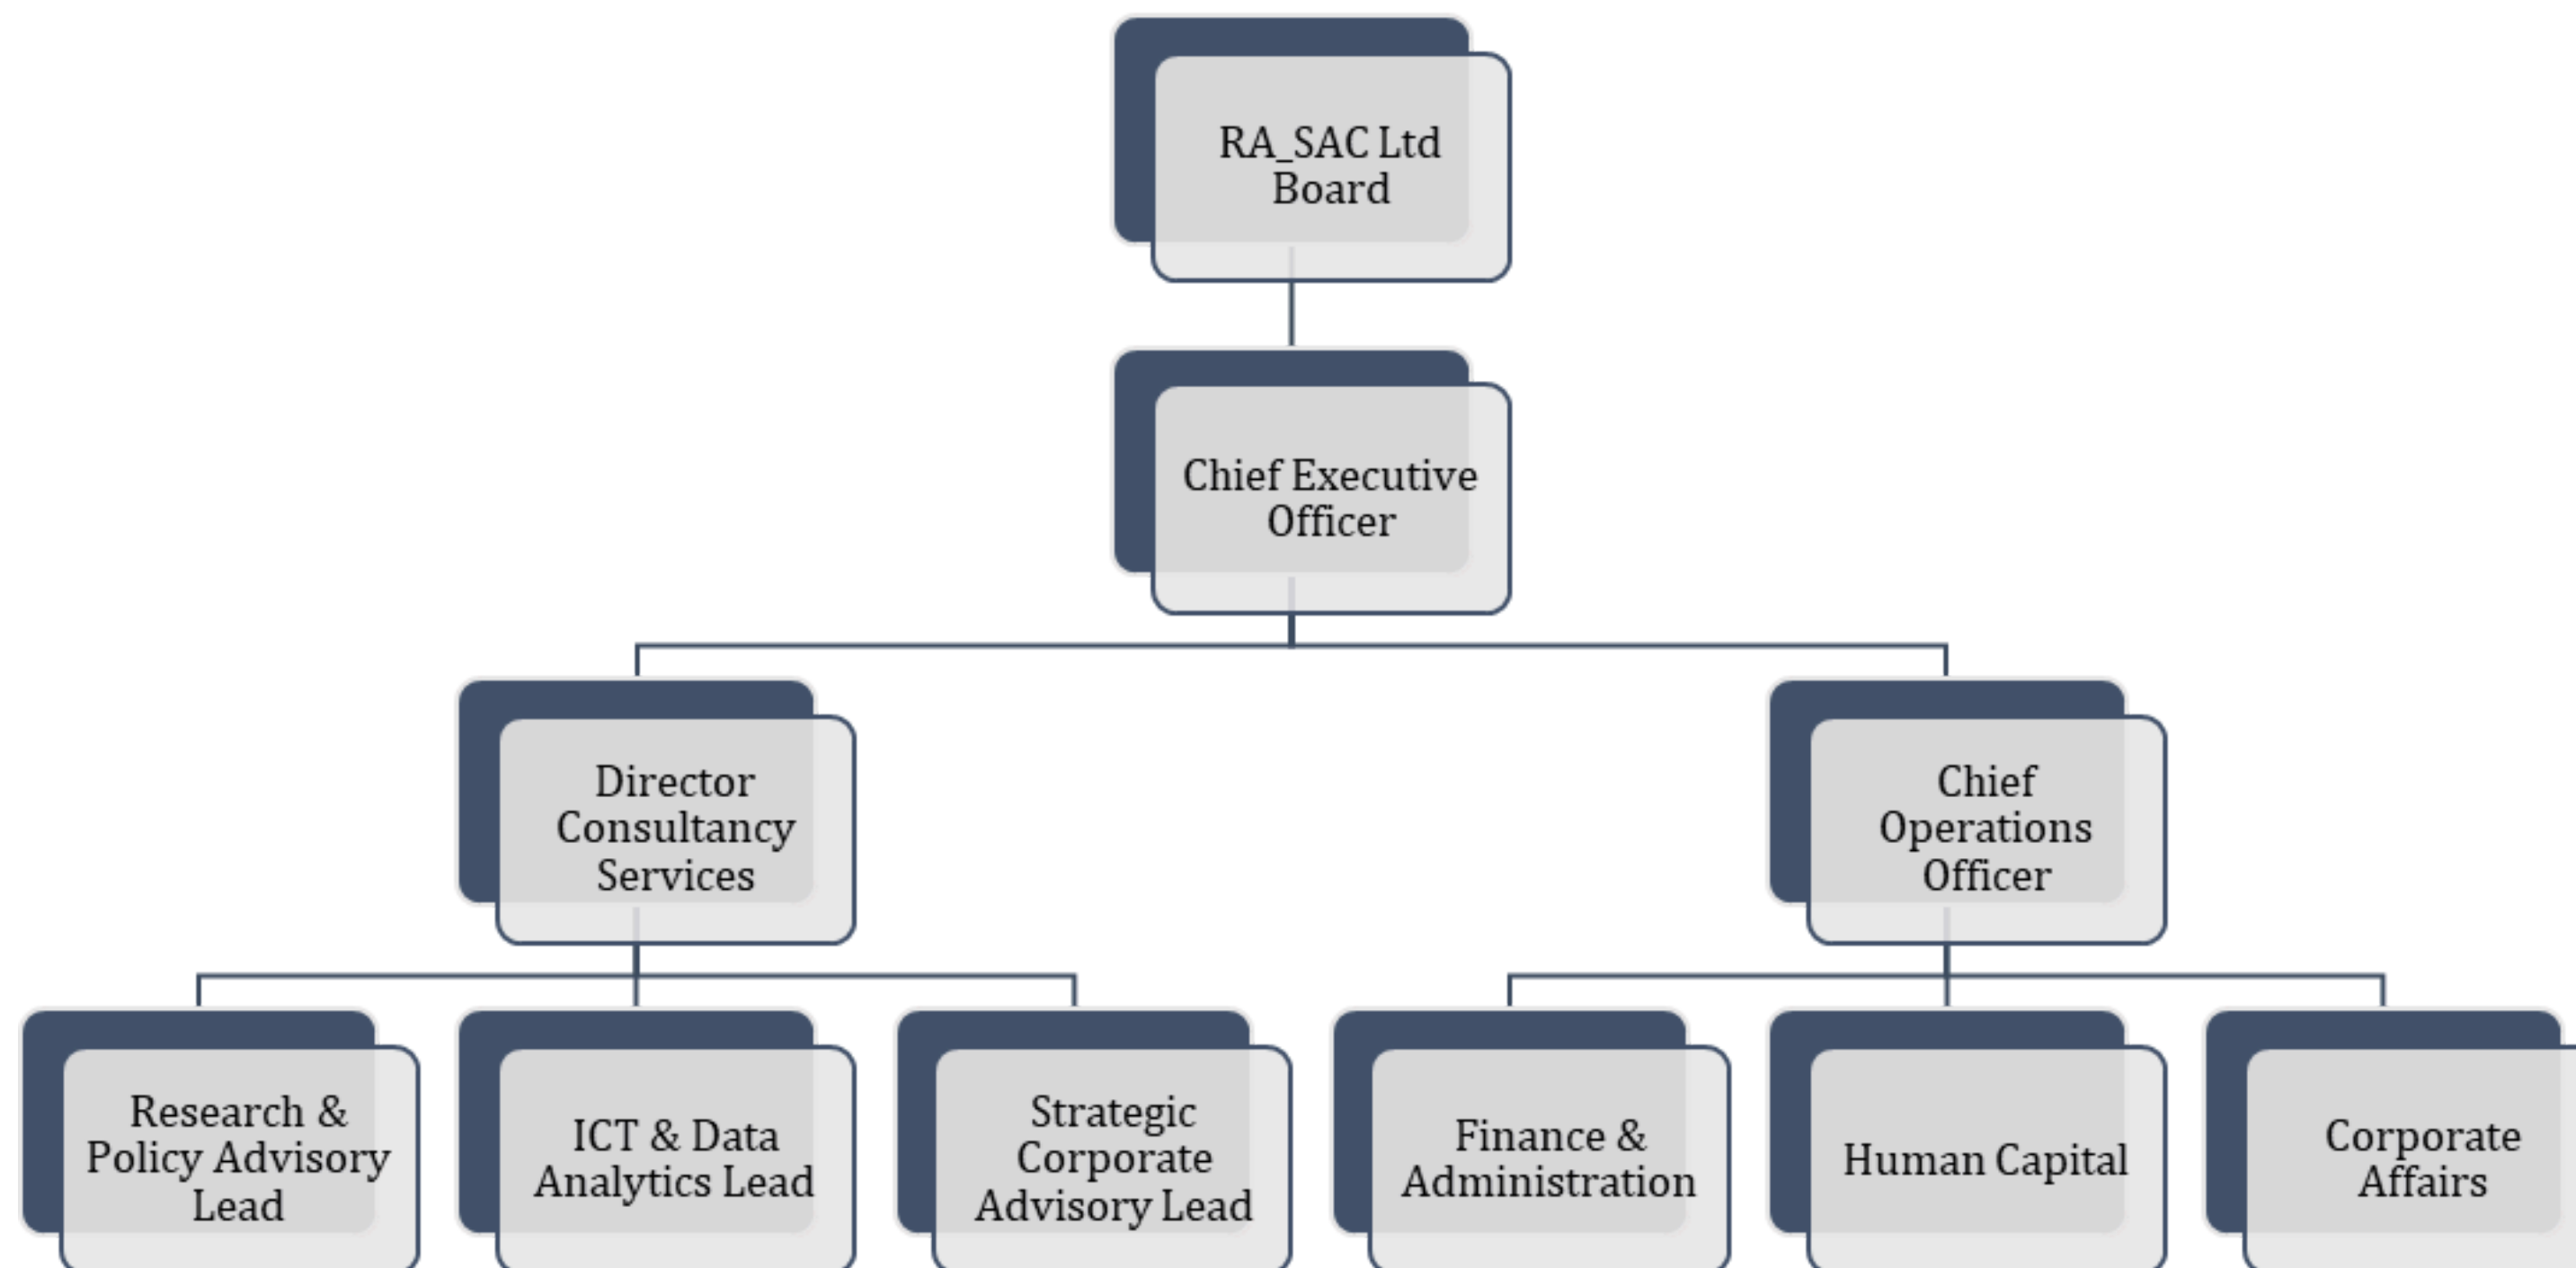

Our work is purpose-driven, focusing on solutions that create measurable value, strengthen institutions, and support sustainable development. Every engagement seeks to make a tangible difference.

Collaboration

We believe that the best solutions are co-created. We work closely with clients, stakeholders, and end-users, fostering ownership and ensuring that recommendations are practical, acceptable, and implementable.
